The Uninsured Patient

We recognize that there are occasions when surgical care is needed by a patient who does not carry health insurance. In such circumstances, each case will be treated in a highly individualized manner. Arrangements must be made with the Financial Counselor prior to the service being rendered or, in the case of an emergency, on the first follow-up visit.

Collection Policy

An account is considered delinquent and eligible for legal action after 60 days have passed from the date of service. If payment is not received from an insurance company within 60 days, the patient is expected to either contact the insurance company and/or pay the balance in full. If your insurance carrier delays payment past 60 days, you will be billed for your account. Please remember, that you have a commitment with the insurance carrier, so you must work out any problems that arise regarding your benefit plan or eligibility. We will assist you as we can, but you are ultimately responsible for any delays, omissions or refusals to pay by your carrier. The only exception is in the event that the physician has a contract with your carrier, and payments are adjusted per our contractual obligations. If an account has to be referred for collection, the patient is responsible for all fees and costs which are incurred.

In the event a minor comes to this office for treatment, the legal guardian must be available to approve treatment of the child.
